Luxury villas in torreta florida (torrevieja)

Construction of 4 independent villas with a design and finishing qualities studied to the smallest detail.

You can choose between 2 different models where the house is the same but there is a model with a larger plot and pool.

The villa consists of a ground floor with a very spacious and open living-dining room with lots of light, a designer kitchen with its island, a double bedroom and a complete bathroom. There is also an area for "storage" to store things and where the home automation switchboard is located.

On the first floor there is a master bedroom with its bathroom ensuite and another double bedroom with its own bathroom ensuite. There is also a large terrace from which you can access by an external staircase to the private solarium where there is pre-installation for a Jacuzzi with wonderful views of the lagoon and all of Torrevieja.

The house is a smart home that with various applications controls almost the entire house from blinds to air and lights.

Its strategic location near the center of Torrevieja, the commercial areas and the beach make it an ideal place for your holidays or to establish your permanent residence.
